100. *Protection of library books.*—Library books that have been in any house occupied by a patient suffering from diphtheria, scarlet fever, smallpox, tuberculosis, or typhoid fever must be reported to the local health officer and by him to the librarian with a warning that such books may be a means of infection. Such books must not again be placed upon the shelves of the library until they have been thoroughly disinfected under the supervision of the local health officer. Unless books are of special value, they shall be destroyed by the library authorities rather than returned to the shelves for future use. Books must not be loaned to those residing in rooms or apartments occupied by patients suffering from diphtheria, scarlet fever, smallpox, tuberculosis, or typhoid fever, unless the same are destroyed after use in such rooms or apartments.

**County Boards of Health—County Health Officers—Duties of. (Reg. Bd. of H., July 25, 1913.)**

66. The several county health officers shall make quarterly reports to the State board of health as to the general sanitary condition of their counties, such reports bearing especially upon matters relating to communicable diseases. Especial attention must be given to the reporting of rabies and glanders.

67. The several county health officers shall keep close watch over apparent epidemic and endemic diseases existing within their jurisdictions, and if a question arises as to the proper care of such diseases, they shall notify the superintendent of the State board of health in order that an investigation may be made.

68. The several county health officers shall note the condition of slaughterhouses, rendering establishments, starch factories, and paper mills within their jurisdiction, and shall report such conditions to the superintendent of the State board of health from time to time as necessary, or upon the request of said superintendent.

69. The county board of health shall at all times bring to the attention of the State board of health any conditions which they might deem in need of sanitary regulation.

70. The county health officers shall when called by the State board of health assemble to discuss general sanitary problems and to present at such conferences the special sanitary needs of their individual districts.

71. County health officers shall make such investigations and reports and obey such directions relating to sanitary problems as shall be prescribed from time to time by the State board of health.

72. Upon application of not less than five health officers, the superintendent of the State board of health shall call a special conference to discuss special or local sanitary problems, the time and place of meeting to be determined by the superintendent of the State board of health.

\* \* \* \* \*

County superintendents of health in their monthly reports shall furnish a full report to the superintendent of the State board of health of all services rendered pertaining to and in the discharge of their duties and for which bills are rendered to the county commissioners of their respective counties.

**Water and Ice Supplied by Common Carriers—Regulations for. (Reg. Bd. of H., July 25, 1913.)**

73. Water supplied by common carriers on cars, vessels, or vehicles operated in intrastate traffic for the use of passengers shall be furnished under the following conditions:
